McMURRAY TO BRING VETERAN CREW FRIDAY

Buffaloes Seek to Blot Out Record of Last Homecoming Day's Defeat By Indians

FAST PASSERS

Baggettmen Are In Fine Shape to Meet Abilene Crew at Buffalo Field Friday

The McMurry Indians, homecoming champions of the Buffaloes last year, and always one of the most inspired teams, are invading Buffaloland Friday night in quest of their second straight victory from the Baggettmen.

If there has ever been a game that the Buffs have been pointing to it is this one.

Last year the Buffs, playing before one of the largest homecoming teams in the history of the school, swept to a touchdown in the "infant" stage of the game, and then watched the Indians glitter to two touchdowns and a victory.

Little is known of the Redskins. They have a veteran crew of varsity men and a host of freshmen material that is above reproach; however, little is known about their comparative strength, because they have played no one of high rank this season, up to date.

Coach Medley of the Abilene aggregation can make a mediocre team look like "big timers," and his most impressive pep talks take place just before the Buff games.

The Buffs have been improving day by day. They have not shown the blocking in the last game or so that they are capable of doing; however, their diligent work on the "dummies" has put them ready for their mid-season race.

Some new faces may appear in the Buffalo lineup. Several sophomores have been "groomed" for service and they will probably get their "big chance" against the Indians.

The game will be called for 8 reo'clock at Buffalo stadium. The admission prices will be 75 cents for adults and 40 cents for children.

Stafford Hall Will Be Completed Oct. 18 Says Contractor

Finishing touches on Stafford Hall are being made this week by Contractor J. B. Maxey. The Hall will be ready to turn over to the College by Friday, Oct. 18th, unless delays develop during the coming week.

Mr. Maxey was low bidder on the group of cottages at the recent letting, but his bid was above the amount allowed by PWA for this construction. Application has been made for additional funds, but nothing has been definitely learned regarding this job.

Plans are about completed on the addition to Cousins Hall and it will be possible to issue the work order in a short time.

Installation Services Monday for Canyon and Happy

Approximately forty men and women from Happy attended the American Legion and Auxiliary meetings held in the Legion Hall last Monday evening.

Double installation services for both the Canyon and Happy organizations comprised the outstanding business of the evening, which was followed by an interesting talk on Russia by Irby Carruth to the combined groups.

Bridge and forty-two were played during the social hour, and refreshments were served to those attending, with the Canyon Legion boys acting as hosts.

DETROIT TIGERS WIN

The Detroit Tigers won the world's series Monday in the sixth game. The Tigers defeated the Chicago Cubs in four games out of six played for the world's championship.

J. T. Coffee was taken to Temple yesterday for medical treatment. He was accompanied by his son, Herschel Coffee, and brother, S. S. Coffee of Amarillo.

$30,000 Possible on Museum Improvement

Weed Cutting Is Necessary in All Parts of Canyon

Many weeds have been cut and burned this week as a result of the call made last week by the city officials.

But there are many ragged looking places in Canyon which need attention at once.

The leaves are falling, which as a matter of necessity makes the town look bad. These will soon be disposed of if only the weeds can be cut and burned.

City officials are urging immediate action owing to the large number of visitors who are coming to Canyon this month.

Historical Committee in Report Filed Monday in Planning For Centennial Work

$30,000 has been recommended for improvement of the Panhandle-Plains Historical Society museum on the campus of W. T. by the Historical Advisory Board. The report was filed Monday with the Centennial Commission of Control of which Lieutenant Governor Walter Woodul is chairman. No action has been taken on the recommendation owing to a dispute which has arisen among the three members of the Advisory Board.

The majority report was signed by Chairman L. W. Kemp and Rev. Father Paul J. Folk, to which J. Frank Dobie took exception and filed a minority report. Kemp charges Dobie with recommending 24 projects which had never been presented to the board for consideration.

The money for the Museum will be used for additional display equipment. There are on hand hundreds of articles which have not been put on display owing to the lack of display cases. The articles are of very great importance and interest to the people of this section. The fact that this is the only museum building owned by the state of Texas appealed to the Advisory Board as a most worthy project for consideration.

The directors of the Society also asked for money to mark historical points in the 31st senatorial district, but evidently these were omitted from the recommendation owing to the fact that requests amounted to $8,000,000 for the $775,000 which was on hand for distribution.

No information has been received here as to when the Commission of Control will act upon the recommendations, but it is indicated that action will soon be taken owing to the fact that the Commission is very anxious to get work started preparing for the big Centennial Celebration in Texas for 1936.

$2,000 was granted for a McKenzie monument at Plainview; $14,000 for a Thomas S. Lubbock monument at Lubbock; $25,000 for a museum at Alpine.

STORK SPECIAL

Mr. and Mrs. Kenneth E. Fink of Childress announce the arrival on Oct. 6, of Kenneth McCarty Fink, weight 8 pounds and nine ounces. Mrs. Fink will be remembered as Miss Minnie McCarty.

Miss Frances Lester of Dumas, spent the week end with her sisters, Mrs. Irene Wilson and Mrs. Jamie D. Talley at 1908 Fourth Ave.

Supreme Court To Pass on Validity of AAA Very Soon

The Supreme Court of the United States is expected to render a decision in the near future as to the validity of AAA. Suits are pending which attack the processing taxes, which support the payments made to the farmers. The court opened its session Monday, but recessed until next week.

Other New Deal questions are pending before the court.

The Department of Agriculture is fortified against an adverse verdict on AAA so far as benefit payments to the farmers are concerned. It is certain that these payments will be continued regardless of the opinion that is handed down.

Smaller Crowds at Palo Duro Park as Fall Weather Comes

As fall advances smaller crowds are coming to the Palo Duro State Park. Opening of school marked a sharp decline in attendance, but the opening of the football season probably is responsible for a greater part of the declined attendance.

165 cars visited the park two weeks ago as compared with 127 cars the past week.

Herbert Maier, regional director from Oklahoma City, was here Thursday conferring with Supt. Louis J. Bryan. Mr. Maier expressed great pleasure in the advancement of the work at the Park. With the opening of the new period on the first of October, more projects will be cleared for work during the winter months.

Another Session to Consider Pension Is Promised by Allred

Governor Allred appealed to the legislature Monday to pass the bills controlling liquor, setting county salaries and enacting the chain store tax bill. The Governor indicated that if necessary he would call another session next week to consider old age pension.

Senator Clint Small's liquor bill defining the saloon seems to be favored for passage. The drys have control of the legislation which is now pending after a long fight in the House.

No action has been taken on the deficiency appropriation bill in which August salaries for W. T. teachers are tied up. Dr. J. A. Hill has requested money to furnish the new buildings under construction with gas, light and water. This will likely be passed before the end of the week.

Bruno Hauptmann Must Die Kidnapping Lindbergh

The Court of Errors and Appeals decreed yesterday that Bruno Hauptmann must die on the charge of kidnapping Charles A. Lindbergh, Jr. The court rendered a unanimous decision.

Attorneys for Hauptmann indicate that the case will be taken to the Supreme Court of the United States for final decision.

Mr. and Mrs. Virgil M. Gore are living at Galveston where he is employed in the district Engineer's office. He is a graduate of W. T. and they are former residents of Canyon.

JOHNSON TO BE MAIN SPEAKER HOMECOMING

Panhandle Bands Will Be Guests of W. T. During the Homecoming Celebration

CROWD EXPECTED

John Snider Barbecue To Be Featured When Former NRA Chief Speaks on Nov. 2

Nov. 2 is marked to be a "red letter" day for students and ex-students of West Texas State Teachers College. The annual Homecoming festivities will be observed on this date.

An address by Hugh S. Johnson former NRA chief, is scheduled to be the high point of interest in the forenoon program.

Preceding the appearance of Johnson, a massed band concert will be given with high school bands of the Panhandle participating. These bands will be guests of the College during the day.

A barbecue, with the famous John Snider officiating, will be the noon-hour feature. The barbecue will be held immediately north of Burton Gymnasium on the Buffalo practice field.

Following the barbecue, the Buffaloes will defend the gridiron against the St. Benedict's Ravens of Atchison, Kans.

Prof. L. F. Sheffy of the history department is general chairman for the homecoming program and T. M. Moore of the agriculture department is chairman of the barbecue committee.

WPA Projects Are Likely Any Day, States Director

A. A. Meredith, district WPA director, informed the News this morning that the projects for Randall county are expected any day. All projects have been approved in Washington, but have not been cleared by the treasury department which handles more than a million projects under different account numbers.

Mr. Meredith promised the News to start work in Canyon just as soon as authority was received on these projects.

The Beacon Quartet of Amarillo will give a program at the evening services at the Christian church Sunday night.

Harvest Continues on Good Row Crop

More Farm Machinery Is Sold As Farm Conditions Improve In Randall County

The best feed crop in three years is being harvested in Randall county this year. More new row binders have been bought by the farmers of the county the past two weeks than have been bought during the past five years.

According to estimates yesterday, possibly not more than one-third of the row crop has been cut, but binders are running day and night in every section of the county.

While the grain will not make a heavy yield, the feed will carry the stock through the winter.

This splendid row crop was made possible by the rains of last month. While the crop was a month or six weeks late owing to the continued dry weather of the summer, the growth was exceptionally rapid following the rains the first of September.

While many of the farmers are hoping for dry weather in order to finish binding the feed crop, those with large acreage are wishing for an early rain. More wheat drills have been sold this fall than any year recently, indicating that the wheat acreage will be large over the county.

Wheat Money Comes On 647 Contracts— 75 Are Yet Unpaid

Wheat farmers of Randall county are being rapidly paid off on the allotment. 52 checks were received this week, amounting to $3,852. $7,000 was received last week. The largest payments were received the first of September, amounting to $250,000.

County Agent W. H. Upchurch states that only 75 contracts have not been paid in the county. These are contracts which are irregular and have taken special consideration from the Department of Agriculture. These contracts will be completed as soon as they may be worked out.

The series of meetings in the county to discuss the new wheat contracts ended Friday night. Large numbers of farmers attended these meetings, and expressed great interest in the contracts which will be offered by the government. Just when the contracts will be available for signature has not been stated, but the blanks will probably be here by the time all preliminary work is completed.

Bob Cox was in Abilene Saturday to see McMurray College Indians in action.

H. L. Heizer Lost Cow Poisoned on Wheat After Frost

H. L. Heizer lost a valuable milk cow last week as the result of wheat after the first frost. According to stockmen this is the first time that such a thing has happened in this section.

Thirty-nine head were turned into the wheat field following the cold weather and light frost of last wek. "I have done this many times before, with no ill effects," stated Mr. Heizer. In a short time a neighbor called Mr. Heizer that two of the cows were bloated. The herd was driven from the wheat field, and Mr. Heizer started to work on them. 15 head were poisoned. Bridles were put on several and their efforts to remove the bits from their mouths let the gas escape. One cow fell dead, being bloated very badly.

Ten of the 15 have dried up, and one is still in bad shape, stated Mr. Heizer yesterday.

There were few weeds in the field, establishing the fact that a condition existed in the wheat following the frost which poisoned the cattle.

Canyon Wins Sunday at Tulia; To Meet Wolflin Next Sunday

The Canyon golf team won 11 matches and lost 7 at Tulia last Sunday. Six men made the trip who were not given opponents by the Tulia team.

Canyon men winning were: Craig, J. L. Duflot, Lockhart, Scott, Mark Foster, Lee Foster, Savage, L. Key, Hartman, Neff and Bill Smith.

Those losing were: Reeves, Don Savage, Mickle, Gano, Murray, Bob Price, Dan Sanders. The six who did not have opponents were: Britain, Sanford Black, Leo Duflot, D. Mickle, Frank Harrison, and C. N. Harrison.

The Wolflin team will come to Canyon next Sunday for another tournament. The Canyon team has always won on the home grounds, while Wolflin has always won on the Amarillo course. All Canyon players are asked to report at 1:30 next Sunday for the play.

Promised Cold Wave Did Not Arrive As Predicted Yesterday

Prediction was made yesterday of freezing weather for last night. The cold wave had not arrived this morning, and evidently had missed the Panhandle.

Cloudy weather, with slight mist prevailed the past 24 hours, and promise is made for light showers today.

EVETTS HALEY DIRECTS ATTACK ON ADMINISTRATION

Evetts Haley has written another article criticising the Roosevelt administration as it deals with the agricultural problems. Haley was formerly secretary of the Panhandle-Plains Historical Society and is now with the University of Texas. Several months ago his first attack was printed in the Saturday Evening Post.

The latest article, "The Cows in the Cotton Patch" was printed in Monday's edition of the Amarillo News.

Help Keep Canyon Clean!

NIGHT SCHOOL ENROLLMENT IS NOW 63 PEOPLE

Four Teachers Are Giving Work In Various Branches, Afternoon and Night

START NEW CLASS

Co-Operation Given In Work By School Trustees and Supt. Irby Carruth

Silas Hart stated yesterday that 63 are enrolled in the night school being conducted at the Canyon public schools. Classes are opened to others who wish to attend.

A new class is being organized for government and English, which will be held at the home of Mrs. W. J. Hinkle at 2:30 o'clock on Monday and Wednesday.

"The teachers are anxious to work with as many as possible, and if any group wishes additional subjects, we shall be glad to meet them at any time," stated Mr. Hart. The other teachers are Wayne Porter, Howard A. Cox and J. J. Lowrie. Groups which may wish special classes may confer with any of these four teachers.

While the school is called a "night school," several of the classes are being held in the afternoons to meet the convenience of those wishing to take the work.

"The teachers and students taking this work greatly appreciate the kindness of the school trustees in offering the plant of the Canyon schools, and appreciate the kindly co-operation of Supt. Irby Carruth," stated Mr. Hart, who has been chosen leader of the teachers. The tuition is free to all who wish work, and texts are furnished as far as possible.

Michigan Congressman Here to Visit Brother and Sister

Congressman Fred Crawford of Michigan arrived Tuesday for a visit with his brother, Hubert Crawford. His sister, Mrs. D. B. Kirk, lives at Spearman. Another brother, C. J. Crawford, formerly lived at Canyon, but is now in Mills county.

While a native Texan, Mr. Crawford was elected on the Republican ticket in Michigan, and is considered one of the outstanding men of his party. He has refused to discuss politics while here on the visit with his relatives.

Congressman Jones Will be Honored at Dinner Wednesday

An all-Panhandle banquet will be held next Wednesday evening at 6:30 o'clock at the Herring Hotel in Amarillo honoring Congressman Marvin Jones. A number of Canyon men are planning to attend this dinner. A number of complimentary dinners have been held in various sections of the Panhandle honoring Mr. Jones.

Tickets may be secured from Carl Hinton, Amarillo, at $1.00 each.

LIGHT RAIN FALLS

A quarter inch of rain fell in the north part of the county Monday, but failed to cover much territory. No rain was received in Canyon.

Arthur Brisbane Pays Tribute to Country Papers

Arthur Brisbane, the highest salaried editor in the world, knows newspapers as no other man knows them. Here is what he says about the small paper:

"The most important and influential newspaper, by far, in proportion to circulation, is the so-called 'country newspaper,' smaller dailies and weeklies.

"Their readers know who runs them, and those readers, not living in city apartments, with a can opener, buy everything from the paint on the roof to the cement in the cellar floor, from the piano and radio in the sitting room to the car in the garage."

PANHANDLE MEMBER PRESS ASSOCIATION

The legislature has been in session for almost a month, and few bills have been finally passed. This is the history of all special sessions, yet both houses are considering measures which have been passed by the other house, so it seems likely that much of the Governor's program may be acted upon at this session. The final bills will not be what the people wish or expect. The problems of this session were too large for any 30 day session to adequately handle. At this time indications are that a pension bill may be passed without any tax measures being levied. If this is true, then the pension bill will be an empty farce, and will do nothing to help the old people of the state. The News is not defending or praising the legislature for its work. The people are responsible for the seeming failure of this session, since the people dumped the prohibition problem back into the lap of the legislature. So long as there is legalized liquor, just so long will the liquor question be present in every session to vex the legislators and the muddy legislation. Now that liquor is again the question, it will again enter into every political and legislative problem confronting the state. The only way this problem will be washed from the legislative halls is to again place Texas under prohibition.

Drive carefully. Two men met sudden death on the highway the past week. It will probably never be known which driver was at fault. It is certain that the accident might have been avoided with both drivers taking precaution. These men will never be returned to the aid of their families, who need them very greatly. If they could return to life, they could tell the citizens the very great necessity of using every precaution in driving on the highways. The automobile has been much more destructive to human life than the cannon ever has been. The number of deaths increase annually as better and faster automobiles are put on the market. The driver never knows when he will meet a careless operator on the highway. The only security one has on the highway these days is to drive carefully, keep his machine under control, and hope for the best.

War has started in Africa—rather, the butchery of innocent women and children was started under the guise of war. The League of Nations has protested that Italy is the aggressor. Do not be deceived. The members of the League of Nations have been in the past just as guilty as Italy is in this war. The League is opposing the present butchery, not because of any love for Ethopia, but because of the fear of Mussolini. England will not be foolish enough to tangle in this mess unless she feels perfectly sure of sufficient aid to win another big war, which might crush dictatorships. Just how long the war will last, no one knows. The towns will soon be wiped out by the efficient airplanes, but the savage hords can take to the mountains and kill off many Italian soldiers before being whipped into submission. War is foolish, and entirely unnecessary at this period of the world's history.

Senator Capper, progressive Republican, warns his party that if they criticise AAA it means the loss of the agricultural states. The manufacturing east has turned back to the Republicans to a large extent because of the processing taxes which help the farmers. The middle west is certain to stay with President Roosevelt next year because he has saved them from bankruptcy. The battle of ballots in 1936 will be staged, producer against manufacturer. The latter is not willing to extend to the farmer the benefits which he derives from the high tariff wall of this nation. The east will point to the increased cost of living on account of the aid which the President has given the farmers, but will fail to call their attention to increased factory production since the farmers have money to spend.

Something the share-the-wealthers have overlooked: The telephone company, largest and probably richest corporation in the United States is owned by 670,000 stockholders scattered all over the United States, no one person holding as much as 1 percent of the stock. To divide the wealth of this company would rob the working employes of this company in every town of the United States. General Motors has 415,000 stockholders. Stocks in most of the big, rich corporations are widely scattered. These corporations are just as necessary to the well being of the nation as is the welfare of the little independent merchant. Soaking these stockholders would probably put a large percent of them on the relief rolls, as most of them have meagre returns from their small savings.

Grafters always follow the easy paths. Just now there is great interest over the nation in old age pension, and grafters are working among the old people selling them service to collect this pension. If one shows up, call the sheriff, as there is no branch of government seeking any information at this time, and no pensions will be available in Texas until the legislature sets up the proper machinery. This machinery will not call for hiring some grafter to get the pension for the worthy and qualified old person.

This nation paid a big share of the expense of the World War. The President has made it clear that we are not interested in financing another world conflict. This nation can better afford spending money in building a defensive war machine equal to any nation, rather than spending the money and killing off its young men to settle the disputes of Europe. The League of Nations could settle all international disputes if the members would pay any attention to its edicts; which they have so far failed to do.

President Roosevelt's reception throughout the west was very satisfactory. As a master politician, the President said just enough to make the people want to hear more, and just little enough to keep his opponents guessing at his next movement. The Republicans started their campaign without a leader. This leadership has not yet developed, and the time is short in which to bring before the nation a dark horse who can really run.

The Dallas News celebrated its 50th anniversary on Oct. 1st. The finest historical edition ever produced in the Southwest was published in recognition of this event. The big, efficient staff of the News has worked for a year gathering interesting material for this edition. The Dallas News has long been recognized as the greatest newspaper in the Southwest, and its performance upon this occasion truly reflects its position and its prestige in this section.

Since Japan and Italy have both run rough shod over the edicts of the League of Nations, it would not be surprising to see the League fold up in a very short time. Like many other noble experiments, it could not combat the selfishness of nations. Perhaps withdrawing financial aid from Italy may have some effect on the present war, but Mussolini was smart enough to secure sound financial backing before starting the war.

It was certainly fine the way the row crop developed in Randall county following the adverse weather of the year. Randall county is about a thousand per cent better off this fall so far as feed is concerned than it was last fall. Continued open weather means many dollars to the farmers of Randall county in added feed, although those with wheat would appreciate some rain.

This is clean up week in Canyon, believe it or not. The town looks mighty seedy and shows the necessity of a real clean up. Those with property should get busy in this campaign. Many vacant lots look terrible. Maybe a way will be found to clean up vacant property if the residents look after their property.

President Roosevelt has warned citizens of this nation to stay away from the waring nations. Americans usually like to exert their independence, but to get shot while being independent is poor policy. Besides, this nation is not going to war to avenge the foolishness of any of its citizens.

Perhaps WPA means, "wait patiently associates." The President decreed WPA should become effective two months ago minus all red tape. But when his hirelings took charge there seems to be as much or more red tape than ever existed in relief measures.

Fire prevention week is being observed this week. Take a look over your premises. See if there are any fire hazards around your place, and when you find them, remove the hazards before cold weather sets in.

Beautiful fall weather continues in the Panhandle. There is no place on earth with so perfect weather as the Panhandle when it is good.

News in Canyon 25 Years Ago

(Taken from the files of the Randall County News of October 7, 1910)

President R. B. Cousins has filed his request for the coming two years' support of the normal: $65,003 for the first year and $43,000 for the second year.

Ed W. Pipkin opened a new grocery on the west side.

Hampton & Armstrong sold their grocery to J. H. Holland son-in-law, R. F. Rogers of Hereford.

W. T. Gilliam and J. D. Key opened a new confectionery and fancy grocery store.

166 students are now enrolled at the normal. Parents of 44 are farmers; teachers, 13; stockmen, 12; merchants, 6; real estate, 6; hotel, 4; educational workers, 3; bankers, 3; lawyers, 3; doctors, 3; one each, abstract, mechanic, contractor, minister, barber, liveryman, carpenter, domestic, laborer.

Two more telephone operators were added to the local exchange when a checking station for the entire Plains was established in Canyon.

Representative of State Department of Education Here

Educators of the Panhandle section will have opportunity to consult a representative of the State Department of Education about their problems during the current year. J. D. Wilson, deputy state superintendent, arrived in Canyon Sept. 1 to begin his duties as supervisor of District One. His office is located in the Administration building of the college.

Mr. Wilson has given conferences to a number of school heads on questions of standardization, accrediting, state aid, and similar problems. He has visited several schools in this area, which were in most cases high schools of the Southern Association.

The district over which Mr. Wilson is to preside, is one of the largest in the state, comprising twenty-five counties in which there are 330 schools.

Before accepting the position with the state department, Mr. Wilson was superintendent of the schools at Quail. He replaces Bryan Dixon who was the representative of the State Department last year and who maintained his office at Childress.

Young Democrats to Begin Active Program Soon

The College Young Democratic organizations of the state will start an active program this month, according to G. L. Stanley, regional secretary of the Young Democrats. The date of the first meeting of the local organization will be announced next week.

The W. T. club will organize a legislature and pass on current legislative questions. Professor S. H. Condron head of the government department, will be the faculty sponsor.

Plans are under way to send a debate team to the state Young Democratic debate contest and also to sponsor a contest in the national Young Democratic oratorical contest for 1936.

The district convention will be held at Pampa in March or April.

LOCAL FIRMS THAT HAVE HELPED TO BUILD RANDALL COUNTY, By J. E. ROBBINS

THOMPSON HARDWARE CO., CANYON

"Service" has built many of the leading mercantile businesses of this nation. If there is one word which may describe the Thompson Hardware Company, "Service" is the word. It matters not whether the customer lives in Canyon, where he has easy access to the facilities of the firm, or whether he lives at some outpost of this trade territory, he will find this company giving the same efficient service.

Another feature of this firm is the complete stock and high quality of merchandise handled. This firm handles Hardware, Implements, Furniture—items of every day necessity which must have quality if they are to give to the owners the long years' of wear which they are expected to give. Quality is always remembered long after the price is forgotten, and for this reason Thompson Hardware Company insists that every item in its stock shall bear the stamps of quality—the standard advertised goods, which are known to the people of this country who want to invest their money in merchandise worthwhile.

Mr. T. C. Thompson, president of this firm, is a pioneer business man in Canyon. During the 36 years he has been engaged in the hardware business he has striven to build a business that would be of real service and benefit to the people of this section. The success of the firm is the result of the intelligent leadership of its president. Mr. Thompson finds time to devote to civic work, and served for many years on the school board and city commission.

The Griggs-Thompson Funeral home is an affiliate business of this firm, maintaining the best of ambulance service, and the best facilities for burial services. An attractive funeral home was built a few years ago to maintain the high service which has always been rendered.

CANYON BAKERY, CANYON

R. W. Foster operates a clean cut, model baking establishment in Canyon, whose products are well known for their purity and wholesomeness. Bread that has the taste and tang that Mother used to make; bread that is made fresh daily in modern ovens and by skilled bakers who bake it to a turn,—clean and saintary. You can't buy better bread than this nor make it either. The delicious honey flavor and freshness; the tender, crispy crust that all folks like. That's what you'll find in the Canyon Bakery pies, cakes and bread.

The old familiar breadbox of our younger days is a thing of the past and the nearest approach is the modern bakery where Mother's goodies are made over again. When you buy bread at the local grocery stories, call for Canyon bread —a real home institution.

DOWD & MAY, CANYON

Only quality makes low prices low. That is the foundation upon which this Farm Machinery store was erected by J. C. Dowd 18 years ago, and which he and O. A. May now own as partners. It has proven itself a good foundation. A complete line of J. I. Case farm machinery is carried, also Maytag Washers, Challenge Windmills, and water equipment.

The farmers will find that now is the time to buy new Case machinery in handling this year's feed crop, and preparing for the wheat crop of next year.

FARLOW ELECTRIC CO., CANYON

It is better to buy the best than to wish you had. You can't make that mistake at G. A. Farlow Electric Co. Mr. Farlow handles only the best lines in his store, featuring high class merchandise in his buisness here for 15 years. He sells Frigidaire refrigerators and Atwater-Kent radios, and services them. His business extends all over this section as a result of the high class merchandise, and the service which he renders.

THE PEOPLES STORE, CANYON

It may be good and not be ours but it can't be ours and not be good. Since we started this dry goods and shoe store here fourteen years ago, that is all we have ever handled. The best and only the best in everything in the clothing and shoe line for men, women and children. The entire family may be outfitted at this store for the coming winter at a real saving to the family purse. Dependable merchandise at the very lowest prices. Mr. and Mrs. W. A. Warren and their efficient clerks will serve you.

CONSUMER FUEL CORP. CANYON

You naturally expect a firm of this kind to handle a superior line of gasoline and oil, and you won't be disappointed if you trade here. This is a profit-sharing gas and oil company which is managed by W. A. Jennings. J. P. Hix is president, H. W. Crain, vice president, Jeff Wallace, secretary, and J. H. Lisle, Henry Miller, Albert Byars, and Ed Reynolds, all local men, are the directors.

The Consumers seek your patronage and offer excellent service.

TEXAS UTILITIES COMPANY CANYON

The Texas Utilities Company is too well known in Randall County for me to add much to its lustre by telling you any thing about it, so all I can do is to repeat what has so often been told before and what you already know. However, a good story, if it gains nothing, loses nothing in the re-telling.

The Texas Utilities Co., with three different main power lines into Canyon, serves 48 Plains towns. The local power plant with two 400 H. P. Diesel Engines for emergencies, employs nine local people from this district which serve Canyon, Happy and Umbarger. A large line of electrical appliances are sold, embracing such nationally known and advertised products as Westinghouse refrigerators and appliances, Electromaster Electric ranges and Westinghouse sweepers.

Mr. J. B. Morrisset, who assumed Mr. W. L. Pearson's place as manager on June 15th of this year, has been an employee of The Texas Utilities Co. for 13 years.

This company serves well the large number of people using its facilities, and takes its place among the real progressive firms of this section.

CITY MARKET, CANYON

When you buy provisions for your table you are interested mostly in one thing, QUALITY. Quality products are never disappoing, and while Carl Laughery unwaveringly maintains a high standard of quality, that is only half the story. It is not difficult to stock a store with high quality goods if one has no consideration for price boundaries. Nor is it difficult to offer low prices if one has no consideration for quality.

Mr. Laughery, the owner of this store, appreciates that his responsibility to his customers is twofold. One is to hold fast to quality ideals and the other is to devote extra efforts in purchasing such goods at advantageous prices and to keep operating costs down to a minimum, thereby achieving what at first seems impossible,—Quality Goods at Low Prices! All meats handled at the City Market are purchased of local ranchers, two local men are employed, and free delivery service is maintained.

GULF SERVICE STATION CANYON

Our work has always spoken for us and spoken well. You can pay more but you can't get better service than you'll get here at J. C. Baker's Gulf Service Station.

They also conduct a Taxi Service with office at the Gulf Service Station, phone No. 57 days or 357J nights, for taxi, road or dray service. Mr. Baker's son is connected with him in this business and both are anxious to please their growing list of patrons.

PALO DURO CAFE, CANYON

What keeps us fit? What makes us happy and content? Isn't it good, wholesome, satisfying food? W. McCough, owner of The Palo Duro Cafe, serves that kind of food.

Courteous and competent service is the rule here and that goes a long way toward bringing back any customer to a restaurant. Tasty meals or lunches are always featured at the Palo Duro Cafe in Canyon, and the prices are reasonable, too.

THE SECOND HAND STORE CANYON

Every day is bargain day at The Second Hand Store at Canyon, owned by Bud Rusk and Sid Frazee, who buy and sell everything of value. The resale prices are always low. That is why this business has expanded so much in the one year and a half they have owned it. They do upholstery and furniture refinishing and Mr. Frazee does sign painting. "Come and see us sometime"—anytime.

CO-ED FASHION SHOP, CANYON

If it is new, you'll find it at The Co-Ed Fashion Shop of Mrs. Alvin McDonald. It will be new and reasonably priced too. We've been doing this for six years and we know how. Smart styles cost no more at The Co-Ed Fashion Shop. Sally Frances lingerie, College Campus frocks and Rollins hosiery are featured here.

This store is a real asset to the community, serving the women and girls with the latest styles as they appear on the markets.

COLLEGE OASIS, CANYON

Everything to make and keep you well. College Oasis, a drug and confectionery store, located at Canyon for the past eight years and owned by J. W. Bond. Light lunches are served here and complete fountain service is afforded.

This place is known as the place "Where the Buffaloes Drink."

PALACE HOTEL, CANYON

A hotel of exceptionally neat appearance, clean and inviting is that of C. N. Plaster, owner of The Palace Hotel in operation here since about 1927. Twenty comfortable rooms are maintained here, four of them with private bath The hotel has recently been remodeled to better serve the people.

THE BACKBONE OF RANDALL COUNTY

The title for this article has been selected only after the subject had been given much thought and consideration. It was our desire that the title should be significant of the basic value of the community; that it should be descriptive of the real commercial strength and life of the community; that in brief it should be a story, sufficient in itself, requiring no elaboration. The word BACKBONE is used advisedly. If you study it carefully you will agree that it has a wealth of meaning and we feel justified in using it in its most liberal sense, for it is our conviction that these firms of whom we write are the real BACKBONE OF RANDALL COUNTY.

The various stores, the bank, garages and other industries included in these columns, embrace places of distribution of nearly all of life's necessities and many of its luxuries and their importance to the civic and industrial welfare of Randall County cannot be overestimated. All of these Firms are owned and controlled by men who have the welfare and interests of this community deeply imbedded in their hearts. All of them are competent and capable business men who have by their combined and individual efforts given this section, business places that are second to none in the STATE, for the quality of merchandise sold, the service rendered and the careful courteous treatment of its patrons. The writer has no hesitancy in making these assertions. These business houses require no exaggerated truths. They are sufficiently good without them.

Men and places of this kind have placed the name of RANDALL COUNTY upon a high plane, a lofty pinnacle of moral, civil and industrial standing and as long as men of this type elect to transact business here just so long will this section maintain that enviable position.

One must remember that successful business houses are an absolute essential to the progress of any community. In fact a community cannot exist without them. Tho they are dependent on your support, you and your community are in turn dependent on them, and a perfect spirit of co-operation between you makes the ideal thriving community.

FARMERS ELEVATOR CO. UMBARGER

Firms engaged in agricultural pursuits apparently have a closer and more intimate appeal to residents of Randall County, due, no doubt, to the fact that this is so essentially an agricultural community. They also have a greater opportunity to serve and by the same token a greater obligation to their community.

The Farmers Elevator Co. has, in its thirteen years of activity in the wholesale and retail grain and seed business at Umbarger, always endeavored to serve the farmers of this community to their very best interests thereby fulfilling that obligation in a manner befitting so reputable a firm.

Ernest Hollenstein is manager of this business and is always alert to the interest of the farmers whom he serves.

ALBERT BROWN FEED STORE CANYON

This review of Randall County, would be incomplete indeed if it did not include among its columns a resume of the business career of Albert Brown Feed Store, established here seven months ago. During these seven months engaged in handling everything in the feed line and buying cream and eggs, the firm has luridly emblazoned its name upon the agricultural interests of Randall County, for it is very evident that a business house of this kind, providing as it does a needed and valuable service to the farmers of the community, is a most important factor in all that pertains to its interests.

SINCLAIR SERVICE STATION CANYON

You are a stranger here but once. Our quality Sinclair gasoline and oil and Goodyear tires, our low prices and our friendly service will make you the friend of The Sinclair Service Station taken over here only a month ago by L. B. Garrett as successor to R. C. Lowery. We are well equipped for wash and grease service and guarantee expert service at a reasonable cost to you. Give Mr. Garrett an opportunity to serve you and make your motor car run better with Sinclair products.

M SYSTEM STORE, CANYON

You don't need to go out of town or send your money out either, in order to effect a saving in your store bill. Stop in at the M System Store which is owned and operated by C. O. Cooper, and see what real economy is. Being a member of the state wide M System stores, this firm is thereby enabled to buy at a saving and these savings are in turn passed on to you, the consumer, in the form of better goods at lower prices.

Phone No. 213 for free delivery service of the best groceries that are to be found on the market. Prices are always right.

No man can ever amount to very much until he learns the difference between growing and swelling.

When man thinks as much of his duties as he does of his rights, he is never out of a job.

Where Explosions Ended Fire

Blasts are so often the cause of fires, that it's news when explosions are employed to end them. This London conflagration, in a test, was extinguished in four minutes by means of chemical-filled cardboard bombs set off by the heat.

FRANK GARAGE, UMBARGER

In every trade, in every activity, there is usually some outstanding factor, some person or business which has attained a recognized position of eminence because of its efficiency, or because of an invaluable service rendered its patrons. In no trade does service and skilled workmanship count for more than it does in the automotive field, for auto repairing in this advanced era is without doubt one of the most essential contributions to the further progress of civilization. We can't get along very well, certainly not very far, unless our automobiles are kept going. Try to do without your car for a week and you'll see what I mean. For that reason we feel the occasion to be opportune to include in this resume of Randall County's commercial life the name of Geo. A. Frank's Garage and Service Station which he began in Umbarger 8 years ago, since which time he has wholesaled and retailed Independent gas and oil, National tires, Globe batteries, and carried a complete line of electrical repairs.

Mr. Frank has been a resident of Randall County for 24 years and is one of the community's ardent boosters.

BUSHLAND OIL CO., BUSHLAND

There's a record of just one year of reliable dealings behind this wholesale and retail gas and oil company of Bushland, which V. C. Godsey leased in 1934, succeeding G. A. Blessen. In this year, Mr. Godsey has always been able to hold patrons and add new ones. And there's a reason. He sells Independent gas and oil, having a bulk storage capacity for 5,000 gallons of gas, and also sells Monarch batteries, tires, accessories and cold drinks at his service station. He wants to serve the farmers of Randall and adjacent territory with his line of products.

"K" SERVICE STATION, CANYON

Twelve years of reliable service have built this business from a humble beginning to its present position. There's no compromise between quality and price here. First it must be of the best quality and then it must be priced fairly. J. W. Kleinschmidt is the owner of this business, dealer in Conoco products, Dodge and Plymouth cars and Goodrich tires and accessories.

A truck line between Canyon and Amarillo is ready to serve the business interests of Canyon daily.

BUFFALO DRUG, CANYON

You all know of The Buffalo Drug. There is only one Buffalo Drug store in Canyon. In its thirteen years of business existence it has reached a position of dominance in its particular field, the drug and sundry business. It had to be good to get where it is today. T. H. Knighton is the owner of this store, and takes his place among the leading business men of Canyon who are community builders.

FARMERS PRODUCE & MATTRESS CO., CANYON

You'll get cash and the top market price for your produce, poultry, eggs, and cream at The Farmers Produce & Mattress Co., where F. S. Gillham has been operating for one year. Mr. Gillham has kept in close contact with farmers of this section and they know this concern has always been a boon to their advancement. Mr. Gillham also does mattress renovating reasonably.

The difference between a lawyer and an attorney depends upon how large a fee you can afford to pay.

TAYLOR & FRIEMEL UMBARGER

Buy America, buy America, buy America! The papers are full of it. Speakers and government officials preach it everywhere. And it's good advice too. Why send our money to Bazalia or Timbuctoo. Don't we need it bad enough at home?

I want to tell you that it's just as good advice, the same doctrine brought close to home, to keep your money at home by trading with your home town, independent merchant and its common sense, too. Buy whatever you can at home and when you can't get it here, buy it from the next nearest place.

If you trade at the general merchandise store of Taylor & Friemel in Umbarger you won't have to go out of town very often for the stock here is very complete, embracing such merchandise as, dry goods and shoes, groceries, school supplies, A. B .C. Washers, Coleman and Kitchen Cook stoves and John Deere farm implements, quality considered, the prices can't be beat anywhere.

This concern managed by Wilford Taylor and his son, long residents of Randall county, is cooperating with the local growers in every way possible. Joe Friemel is a partner with Mr. Taylor. The service given by this firm is drawing it customers from all over Randall county, who are highly pleased with the quality and prices.

FARMERS ELEVATOR CO. CANYON

The Farmers Elevator Co., in Canyon for 17 years and managed by W. H. McIntire for the past two months, is one of the most important business interests in this section. They are dealers in grain and feed, featuring Money Maker Mixed Feeds and Merit Poultry Feeds. Wheat is purchased locally and shipped in car load lots.

The Farmers Elevator Co. in pursuit of its business, has never lost sight of the fact that it owed a debt of gratitude to the community at large and will in the future, as it has in the past, always take a real interest in all movements that may promote the public weal; always ready and anxious to aid in the expansion and growth of Randall County.

IMPERIAL CHEVROLET CO., CANYON

Though moderate in price, the new Chevrolet cars have all the essentials of the best cars, namely, Price, Economy, Comfort, Appearance, Power and Speed,— the six fundamental principals of any car. Search as you will, you will find no car in its price field to excell it. You do yourslef an injustice to buy any car without giving serious consideration to the Chevrolet cars. With no obligation involved, Miss Hazel Wineinger, manager here, would appreciate the courtesy of your inspection. A complete service department is maintained here, all mechanics employed being factory trained men. You are urged to see and try the Chevrolet before buying that new car.

HELP YOUR SELF LAUNDRY CANYON

We are not satisfied until you are. Pursuance of that policy has built this Help Your Self Laundry to its present outstanding position. L. E. Thomas is, the owner of this concern, and Mrs. W. H. McAtee manages it. They maintain washing machines and equipment for rent to people who wish to come to the laundry and do their own washing. The charges are very reasonable by the hour. Plenty of hot water ready for immediate washing.

PHILLIPS PETROLEUM CO., CANYON

The Phillips Petroleum Co. has always had the confidence of people of Randall County and has always valued that confidence. They are prepared to serve you in the future as they have in the past year that Warren Johnson has managed their business here. They operate a bulk plant in Canyon, wholesaling Phillips 66 products as well as retailing them. Car wash and grease work is done here also.

Polly is in town—just arriving to help make your car run better, and adding life to the motor.

DUCK INN, CANYON

Just recently, Geo. Leonard and Alton Brasuel purchased this Lunch Room at Canyon, where they serve sandwiches and light lunches, which to-day is recognized throughout this section as a House of Merit and one deserving of its large patronage. These young men, brothers, are financing themselves through West Texas State Teachers College by operating this lunch room and by pleasing their patrons. Let's give them a boost.

SCHMITZ GARAGE, CANYON

If you see the name of Wm. Schmitz Garage on the building, you'll know that you car will be repaired by a real mechanic in a garage that is modernly fitted to do the job. He has been pleasing people of Randall County for sixteen years. Mr. Schmitz is assisted by his son part time.

SINCLAIR WHOLESALE PLANT CANYON

Mr. John Schramm, wholesale dealer in Sinclair products, has always had in mind To Build Better, To Build More Durably, To Build More Dependably, a name that would endure. These have been the aims of Mr. Schramm. These obligations to you were self-assumed, and we feel that they have been carried out faithfully in every way. His office is maintained at The Sinclair Service Station No. 1, where Terry Mayben is manager.

Mr. Schramm is known to the farmers of Randall county for the quick, efficient service in filling their wholesale orders during these busy fall days of cutting feed and preparing for next year's wheat crop.

BELLAH FOOD STORE CANYON

When the prices are the same, why not buy from an independent store like the Bellah Food Store at Canyon? Your money will stay right here in Canyon and help build it. Mr. Bellah began this business 11 years ago and there is no finer grocery store in this entire section. Locally owned and locally operated. Phone No. 80 for free delivery service.

Mr. Alfred Bellah affiliates himself with all progressive enterprises of Canyon at all times.

TOGGERY CLEANERS, CANYON

Your old suit cleaned and pressed at The Toggery Cleaners, owned by Joe Self since 1925, will look as good as many men's new ones. Good equipment and our many years of experience provide the quality workmanship we have been giving patrons of Canyon and vicinity for these past ten years. Phone No. 331 for pickup or delivery service. Mr. Self wants to aid you in making a good appearance in Canyon.

CLELAND GROCERY, CANYON

Most people refer to J. S. Cleland's Grocery store which he began here 8 months ago, as The House of Quality and we know that the name is judiciously used, for it lives up to that title in every respect. A name for anything, favorable or otherwise, is invariably earned. Believe then that this reputation was earned by maintaining high quality levels during eight months of constant service to you.

Pike's Market is connected with the grocery, making it possible to buy everything for the table at one good store.

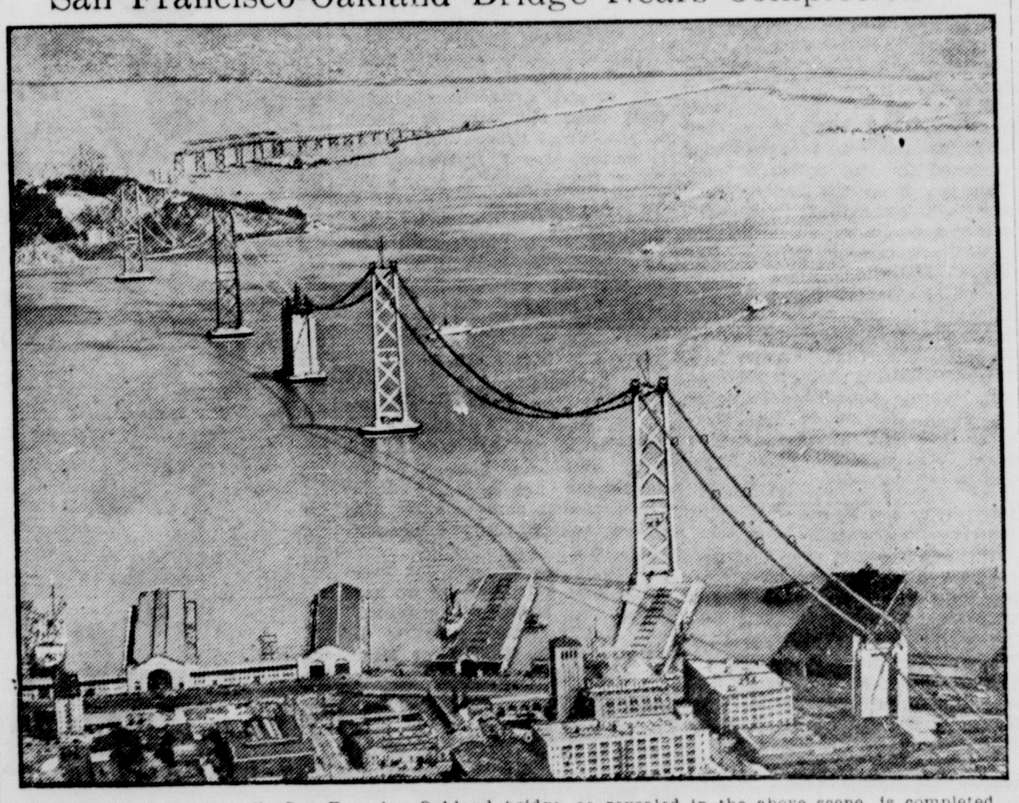
EVELYN BEAUTY SHOP CANYON

It pays to look your best so look your best at all times. Stop in at The Evelyn Beauty Shop and consult the specialists in beauty culture in all its branches, permanent waving, facials, massages, shampooing, finger waving, marcelling and manicuring. Phone 40, Mrs. Nancy Boyce, its owner, for an appointment or drop in personally. She will be glad to serve you.

MAGNOLIA SERVICE STATION CANYON

A modern service station at Canyon is that of Earl Russell which he started here three years ago. At his Magnolia Service Station you can buy that well known Magnolia gas and Mobil oil and Goodyear tires. You will be more than favorably impressed with the friendly and courteous service you will receive, and the first class products which are always sold by Mr. Russell.

San Francisco-Oakland Bridge Nears Completion



Two-thirds of the 4½-mile San Francisco-Oakland bridge, as revealed in the above scene, is completed. Looking from the San Francisco shore of the bay we see catwalks and cable extending to the central anchorage. Another suspension span will be swung from this anchorage to the island. When the bridge is completed, it will cost $77,600,000.

Members present were Leona Wesley, Gwendolyn Moore, Geraldine and Leona Sharpes, Clyemma Belle James, Myrtle and Evelyn Evans, and Evelyn and Juanita Schaeffer. Miss Dozier was also present.

A. A. U. W.'s HAVE DINNER MONDAY

The Canyon A. A. U. W.'s began the year's activity Monday evening, Oct. 7, when the executive committee of that group entertained with a three course dinner in the College dining room members and prospective members for the year. Forty-four guests attended the dinner.

A bowl of variously hued roses centered the arrangement of tables and suggested the decorative scheme carried out by bouquets of cosmos and dahlias. Pink candles in crystal containers were used.

During the dinner Mrs. Geraldine Green, president of the organization, introduced its officers, outlined obligations of members, and discussed possible projects and fields for study.

In a succeeding business session members organized the following five groups for study with their respective chairmen: International Relations with Miss Darthula Walker; Biography under direction of Miss Helen White Moore; Current Literature with Miss Orpa Dennis leader; Writing, Miss M. Moss Richardson, leader; Interior Decoration, with Miss Florence McMurtry, chairman.

The following were present: Misses Fannie Sue Brasuel, Annis Smith, Jewel Foster, Lenna Foster, Gwendolyn Black, Orpa Dennis, Nell Green, Allie Dozier, Elizabeth Cox, Ruth Greenfield, Tennessee Malone, Isabel Robinson, Mary E. Hudspeth, Edna Graham, Pauline Brigham, Hattie M. Anderson, Oscie Sanders, Birdie M. Williams, Hellen Hickman, Ima Barlow, Frances Munson, Emil Brewer, Helen White Moore.

Mesdames Tommie Montfort, Laura Saunders, Louise Walker Brown, F. R. Phillips, Herschel Coffee, J. D. Gamble, Jr., I. B. Carruth, Winfield Miller, Carl Scott, J. A. Hill, Elizabeth Fry Page, J. R. Sharp, Ruby K. Hunt, C. A. Pierle, Mitchell Jones, Francis Gott, Lee Johnson, D. Robinson, Hawks.

Hostesses: Misses Ruth Lowes, Grace Clark, Novella Goodman, Jean Moore, Darthula Walker, M. Moss Richardson, Agnes Charlton; Mesdames L. M. Cousins, Floyd Dunaway, T. V. Reeves, T. B. McCarter, and Geraldine Green.

The group was invited to hold its next meeting at the Kerr House Monday evening, Nov. 4, at 2703 Fourth avenue.

MISSES WALKER AND McMURTRY ON PROGRAM

Yesterday afternoon the Woman's Book Club continued its study of social problems with "Population" being the theme of the afternoon's program.

Miss Darthula Walker discussed the subject of improving the Quality of Population, followed by a very interesting book review by Miss Florence McMurtry on "Seed" by Norris.

Approximately twenty-five members were present.

At the business hour the constitution and by-laws of the organization were read followed by a report from the City Federation.

CITY FEDERATION IN MEETING WEDNESDAY

The City Federation of Women's Clubs met Wednesday afternoon in the Legion Hall with Mrs. Frank R. Phillips, President, presiding.

Mrs. J. D. Barker was elected secretary to replace Mrs. Harry Wood, resigned. Mrs. Chas. Stratton was appointed chairman of the community chest drive and she will select her helpers. The southwest corner room of the second floor of the First National Bank building will be used for this work and anyone having clothing to give away is asked to take it there on Saturdays from 3 to 6 p. m.

MRS. GUY COLE HAS BLUEBONNET CLUB

Mrs. Guy Cole used fall flowers for decorations when members of the Bluebonnet Club met with her at their regular meeting last week.

The afternoon was spent doing fancy work of all kinds.

A dessert course consisting of fruit salad and cake was served to Mrs. Virgil Briscoe, Mrs. Norval Dickerson, Mrs. J. L. Hefner, Mrs. W. H. Upchurch, Mrs. Aubrey Fox, Mrs. Charlie Steen, Mrs. I. M. Steen, Mrs. George Small, Mrs. Winfield Miller, Mrs. Fred Mye, Mrs. Levi Cole, and Miss Evelyn Siedenstrang of Amarillo, house guest of Mrs. Levi Cole.

REMARKS OF H. D. CLUB CO-OPERATORS

"Seventy-five asparagus crowns, making 80 feet of aspargus in my garden were produced from a ten cent package of seed planted last year," said Mrs. Marie Dorman, co-operator in the Zita Home Demonstration club to Miss Allie Dozier, county home demonstration agent.

"I think my 9 cents for sweet potato slips well spent as we harvested two bushels of potatoes," said Mrs. Lawrence Stewart, co-operator of the Zita Home Demonstration Club to Miss Dozier.

MISS RICHARDSON LECTURES AT HAPPY

Miss M. Moss Richardson of the English department lectured to the Woman's Club at Happy Tuesday afternoon. The club was entertaining pioneer women of the Panhandle on this occasion.

Ready to Meet on African Front

Typical of the Italian and Ethiopian troops converging on African fronts after Mussolini's forces launched their long-awaited "war of conquest," are those pictured here. Barefooted tribal legions, primitively armed and clothed, as shown below, march to battle to defend their rugged homeland from modernly equipped Italian warriors, such as those shown at top.

FIFTY STUDENTS ATTEND CHRISTIAN RECEPTION

Approximately fifty students gathered at the Christian Church Wednesday night for the reception.

After the introductions, Miss Frances Usery played two piano solos, and Miss Edith Shields gave a reading. Games were then played until refreshments were served.

All students are invited to attend the services and young people's meetings.

Mr. and Mrs. Ed Weeks, George Archer and J. B. Fowler visited in Bovina Sunday.

EPISCOPAL CHURCH

Rev. Warwick Aiken will preach and conduct services at this church next Sunday night, Oct. 13, at eight o'clock.

Everyone is cordially invited to worship with us and to join in an hour of Christian fellowship afterwards at the Little House of Fellowship.

Wilson Items

Mr. and Mrs. W. H. Neal and daughter, Mrs. Bowman of San Francisco, Calif., left Monday for Luder where they will visit their son and brother, Brewer Neal.

Miss Eula Hardman of Canyon spent the week end in the L. H. Holman home.

Mr. and Mrs. J. L. Brandt and Mrs. L. Brandt visited in the home of Mr. and Mrs. Lawrence Stewart, Sunday.

Mrs. Joe Tucek and children visited in the J. L. Buchanan home Sunday.

Loyd Buchanan spent the week end with relatives in Wellington.

Mrs. L. H. Holman and children, Mrs. Sue Bonnie Coleman, Mrs. J. L. Buchanan and Miss Athalie Wilder were shopping in Amarillo Saturday.

Mr. and Mrs. Jim Wright and Hugh Douglas visited in the J. L. Buchanan home Friday evening.

Mrs. W. A. Buchanan enjoyed a visit from her sister, Mrs. W. A. Hunter of Hereford, Thursday.

QUEER KINDS OF BUSINESS

There are some queer new kinds of business that one hears about these days. There is the engineer, for instance, who carved out a niche for himself in the world by devising an apparatus which copes with the problem of flies which hover by the thousands over the manure beds on mushroom farms.

A large fan sucks the flies across a refrigerating coil, which chills them and drops them, dormant, into large milk cans. The lids are clapped on the milk cans and the flies are shipped to frog-growers, who chill them again and serve them, with a dash of bitters, to frogs.—The New Yorker.

With the Democrats $417,000 in the red, as recent statistics reveal, a sage G. O. P. move apparently would be to lose the next two elections and bankrupt its opponents.

Student Directory Will Be Available By End of Week

G. L. Stanley, who is publishing the student directory, has announced that the publications will be available by the end of the week. They may be obtained at the College book store free of charge.

Covers on the new directories are maroon and white, the school colors. The books will have from ten to twelve pages more than the directories published in the past. Business men of Canyon are responsible for the free directory this year as the publication will contain more than twice the amount of advertising carried in previous years.

Warwick Printing Company is doing the printing on the directory.

Tulia High School "Hornet" Attracts Much Attention

A copy of the 1934-35 Hornet year book of the Tulia High School has attracted much favorable attention at the West Texas State Teachers College.

The annual is made up of the nine months' issues of the school page which have been a weekly feature of the Tulia Herald. Through this arrangement every item which has seemed worth printing during the school year is saved for the permanent record of the high school students, especially the graduates.

W. H. Younger, a graduate of the West Texas State Teachers College and of the University of Texas, is superintendent of the Tulia public schools. The system under his leadership has won an enviable reputation among the high schools which were members of the Southern Association.

YOUR CAR'S COLD TOO . . . SO MAKE SURE YOUR ENGINE

stays oiled

And please don't think you are going to read this same sort of thing about a "whole raft" of winter oils.

The clean-cut difference in favor of Conoco Germ Processed Oil is this: when the thermometer goes down there is a *Hidden Quart* of Conoco that doesn't. It can't. It stays and stays—becomes a lasting part of every surface in your engine.

The Germ Process . . . fully patented . . . makes this alloyed oil blend with metal remarkably, forming your *Hidden Quart.* Then no matter how long your car is parked or garaged in the coldest cold, you come out to a well-oiled start . . . not merely because fine paraffin-base Conoco Germ Processed Oil is free-flowing, but because the *Hidden Quart* is up on guard before any oil could even begin to flow.

Gone are the warm-ups that chew up your engine. Nor need you fear highest speeds, or hardest winter pulls. That's when Germ Processed Oil puts its high-durability film between you and repair men. It's not only light-bodied enough for winter, but tougher, too.

AND . . . road tests of cars with conventional babbitt bearings, and with the new copper-lead, high-lead, and cadmium-alloy bearings, prove Germ Processed Oil far better than plain mineral oils for *all* bearings!

THE EAGLE'S TALE

VOL. NO. 10. CANYON, TEXAS, OCTOBER 10, 1935. NUMBER 5

Well, kids I caught Miss Goodrich one time, when she wasn't too busy to help me write in good English, and I'm sure learning fast. She really knows her English; since she is junior and senior English teacher. She is the old girl that sponsors "The Eagles Tale" and the Senior Class, and besides all that, she has been sponsoring Mary Ella's campaign, while Jack managed it.

Hal won the election, and the anti-federalist party changed to Hal's federalist party, because through loyalty they want to make their high school shine. Hal is the guy that is going to re-establish croquet, put a radio in the auditorium, and have ping-pong tournaments.

I guess Groom thinks they sure pinned the Eagles' wings back, but it seems like the Eagles like to hit tough teams like Lefors and Groom, maybe because it puts them in shape to fight those conference games, which are to come. The Rotary club threw the Eagles a lunch Tuesday, and I call that loyalty and the "Backing Spirit."

I never knew that our high school was so full of public speakers. Hal and Mary Ella are the first to look at, because they were candidates, and they were backed by speeches from Fay Plaster, Jack Taylor, Tom Harris, Sis Overton, Sarah Bourn, and Joe Morris, all of whom are claimed to be good speakers.

I hear that the Boy Scouts have a Pirate Patrol in Grade school with Donald Foster as leader, and a Flying Eagle Patrol in high school with Fred Hart as leader. It doesn't seem to make any difference what kind of an Eagle you are, because they are all against Perryton for the next game. The Eagles have found their weakness and they are striving to correct it; so they will meet Perryton in A-1 condition for another tough bad game of the season.

BACK THE EAGLES

"Be a good sport."

How often we have heard this expression, and how often we shall hear it: "Be a good sport."

Students of Canyon High School, be a good sport. Support the Eagles to the limit. Do not fail to back them because they lost a game, but be out there again supporting them and rooting for them. Any team works better when it has plenty of support from the sidelines; therefore, students, keep supporting the Eagles and be out at every game.

SPRING FEVER MUSINGS

Helen Johnson is seen quite frequently bring flowers to teachers. She was asked why she was always carrying flowers to school, and she replied, "See, I don't have two of my lessons, so I am bringing a bouquet for each of my teachers, whose lessons I haven't prepared."

So we see that the nice spring weather is helping some poor student, as well as helping the flowers grow. For a day or two it seemed that winter had set in just as the school term had opened, but old man weather took pity on the girls who like so well to stand out in front of the school building at noon.

ENGLISH REPEATS ITSELF

An old tradition is that "history repeats itself," and it has a newly discovered twin: "English repeats itself."

Through the fifth, sixth, seventh, eighth, ninth, tenth, and eleventh grades, and through the freshman year in college the same English grammar is studied. During these years parts of speech, sentence construction, and diagrams are studied; hence, "English repeats itself."

Gamble Wins Over Davis In Student Council Race

Emerging from signs, posters, white paint, shouts, and mobs of soap box speakers, Hal Gamble came out winner of the election for the student council president over his opponent, Mary Ella Davis, after one of the most heated campaigns in the history of the high school.

The campaign was opened formally Sept. 28 when the two parties, Federalists and Anti-Federalists, presented their plan of campaign in assembly. Fay Plaster, Federalist campaign manager, spoke in favor of Hal Gamble, and Jack Taylor, Anti-Federalist, campaign manager, spoke for Mary Ella Davis. Hal and Mary Ella presented their platforms.

Start Open Electioneering

On Oct. 1, the two parties met and began open electioneering. The halls were filled with signs of all sizes, shapes, and forms. A horsecollar was brought up, and the sign "Vote for Horsecollar (Mary Ella)" was placed within it. One of the Federalists' signs said "Hal for Prosperity."

Enthusiastic politicians of both parties went to the various class rooms and campaigned before class work was taken up.

The polls were open both Thursday and Friday at noon. Students signed their names and voted by secret ballot.

Is Active in School Life

Hal has been active in both school work and extra-curricular activities. He declaimed as a freshman, and debated in his sophomore and junior years, making the debate team in his junior year which went to semi-finals in the District Interscholastic League meet in Amarillo. He is now president of both the boys' pep squad, and the radio club.

Eagles Defeated By Groom Tigers

Cocah Kenneth Kendrick and his Groom Tigers invaded Buffalo Field Saturday night to defeat the Eagles for the first time in the football history of the two schools by a score of 25 to 0.

The victory may be attributed to the outstanding blocking and tackling of the invaders. The Groom lads took the lead early in the first quarter when they received Canyon's kickoff and marched steadily down the field to make the only counter of the first half. The attempt to convert was futile.

The Tigers came back in the last half to score three touchdowns and scored one extra point.

Troop 30 Meets With 18 Present

The Boy Scouts of Troop No. 30, Canyon, met last Thursday with 18 members and two leaders present.

After the opening flag ceremonies each patrol gave a stunt, after which the leader talked. The Flying Eagles, high school patrol, planned a hike for Sunday which was postponed. The meeting closed with a fast game of Lost Patrol followed by the "Scout Master's Benediction."

The leaders, Levi Cole and D. A. Nicholas, extend a cordial invitation to all boys, 12 to 18 years of age, to come to the meeting tonight at the Scout Room in the Education building from 7 until 9:30 o'clock.

Home Economics Club Meets Tues.

The Home Economics club met in the home economics room last Tuesday for their first time to make their plans for the year.

The members are going to meet in one club this year instead of two as they have in previous years. They are trying to make money to send representatives to the state rally. With the assistance of the W. T. High School, they will be hostesses to the District Home Economics Rally this year.

Any girl who has taken, or is taking home economics, is eligible for membership. Miss Fannie Sue Brasuel, home economics instructor, is sponsor.

COMMITTEES BEGAN WORK IN HISTORY II PROJECT

The committees appointed by Coach Jones in the American History classes have begun their work.

Each day, one of the committees takes charge of part of the class. They get outside reading material and special reports on the more important parts of the lesson to give to the class.

These committees also take charge of part of the reviews for tests.

Inside Dope

Boys, here is a hint: Polly Little is a very good cook. The other day in second year Home Economics she sat right beside some pickling syrup she was cooking and let it burn.

Mr. Pope is not feeling very well. The other day in Bookkeeping, Jack Taylor, senior president, performed a very wonderful feat. He really worked a problem correctly.

Students, here is a warning. Mr. Carruth and Miss Clark are very worried. Miss Clark's freshmen had their algebra lessons today and in Mr. Carruth's Civics class several students are far ahead.

Many odd things happen the first weeks of school.

A very brilliant freshman asked Miss Foster what the book meant when it said, "consult the dictionary."

Glen Burrus is getting very romantic. Last Monday while Miss Jordan was giving the assignment to the second year English class, he fell from his seat at Mary Jo Avent's feet.

During Journalism Monday Miss Goodrich was asking about the "Sport Shorts" when Joe Morris remarked, "I guess Hal has walked out with them."

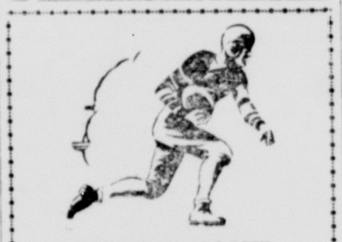
Gordon Thompson, former teacher in the Canyon Grade School and assistant coach, now coaching at Happy, visited in school last Tuesday morning.

HARDIN CHOSEN PRESIDENT OF G. A.'s IN ELECTION

Mavis Hardin was made president of the G. A.'s, a girls' organization of the Baptist Church, at their meeting last Wednesday.

Other officers were Mary Catherine Wirt, vice president; Nell Stevenson, secretary and treasurer; Loretta Cole, program chairman; Geraldine Heath, social chairman; Cleo Bourland, devotional leader; and Beulah Brasuel and Pauline Moore, group captains.

The girls also set their meetings for Thursday at 7 o'clock and decided to have a social every third meeting.



GRIDIRON GOSSIP

R. E. Prichard is filling the position left vacant by Bud Myers when he graduated last year. The manager, as he is called, is well liked by the boys and has proved himself worthy of the position. The job of manager is not so easy as one might suspect; although he gets no praise for making touch downs, he has the job of keeping the equipment together and dressing wounds, which is indeed a great job in itself.

The Eagles were defeated 25 to 0, Saturday night by the same eleven men that lost to them 19 to 0 last year, but nine times out of ten, schools don't get their same team back.

The Eagles will meet Perryton next Saturday night with their claws set again. Perryton's team averages 165 pounds to the man, and the Eagles' average is 162 pounds, but looking over Perryton's schedule, we find that they have defeated Dumas 21 to 0. This looks dark to the Eagles, but Borger's 14 to 0 victory over Perryton makes it a little lighter to the Eagles; then, Hereford's 14 to 12 victory over Borger makes it perfectly plain, because Canyon has been watching Hereford jealously; however, they feel as large as Hereford. No one has doubted that they are as yet.

RADIO CLUB MEETS

Sending and receiving the Morse Code was the subject studied by Radio Club yesterday.

The president, Hal Gamble, sent several messages which the members received. "Great progress is being shown by the members," says Aubry L. Fox, sponsor.

Bruce Carruth, son of the superintendent, visited school with his mother last Tuesday and Thursday.

Miss Irene Angel, a former English and expression teacher in Canyon High School, visited school last Wednesday.

Brasuel Relates of Travels With Educational Tour

Living the summer over again, Miss Fannie Sue Brasuel related her summer trip and commented upon it by saying, "I had a grand time."

Miss Brasuel spent the latter part of the summer on the Educational Tour, under the direction of Frank R. Phillips of the West Texas State Teachers College. The trip was made in cars, a truck carried the supplies, luggage and sleeping bags.

The tourists left Canyon, July 16, and returned August 18. During this time, they traveled through the states of New Mexico, Colorado, Wyoming, Washington, Oregon, California, into Vancouver in Canada, and through Arizona.

Places of interest they visited were the Yellowstone Park in Wyoming, the Grand Canyon National Park in Arizona. "I enjoyed the San Diego fair more than anything," Miss Brasuel said.

Credits Received for Trip

Those taking the trip received credits on college work. Dr. Harris Cook taught two educational classes. "I enjoyed the beautiful flowers and trees in Washington, Oregon, and Wyoming," said Miss Brasuel. The people stayed in tents and slept in sleeping bags.

Miss Brasuel was born in Texas and has spent part of her life in New Mexico and Oklahoma. The summer of 1933, Miss Brasuel visited the World's Fair in Chicago.

Miss Brasuel received her degree from West Texas State Teachers College in '32. She has also studied in Texas Technological College in Lubbock, and C. I. A. in Denton. Miss Brasuel has been teacher of home economics since the fall of '32 in Canyon High School.

COMPENSATION

Now the rain as yet
Falls only reluctantly;
And the folks as yet
Gripe and fret
Thinking their burden heavy,
Thinking their trials many,
Thus are very doleful.

Why falls not the rain?
Why grows not the grain?
Why this grevious pain?
Oh Lord have mercy!

Once long ago
Vegetation in abundance did grow,
Vines and herbs did flourish.
Why did we no gratitude then?
Why, we were sinful men,
Wantonly coveting!

Now with pain and care
We wait not in despair,
But cultivate intensely.
Yet to no avail
For crops in season fail,
And produce nothing.

Year after year have we worked:
No duties have we shirked,
No clods left unturned.
Yet in our burdens now,
We find that we owe some how,
Thanksgiving to Heaven.

What good is it to men,
To live in abundance with kin;
When duty is not cherished?
For how can a people be gay,
When that same people do not pay,
Their debt to Heaven?

Let us in unison now
Promise if prosperity comes back somehow,
We will forever be grateful.
For we have learned by and by.
Though men come and die,
God is eternal.

Sophomore Class Postpones Party

The Sophomore Class had a class meeting last Wednesday afternoon, and postponed its kid party that was scheduled for last Thursday night, because of deaths in the school.

The class decided to call off its party because one member of the Zachry family was a member of the sophomore class. The proceeds that were turned in for the party were turned over to the class sponsor, Miss Grace Clark, and the president of the class, Billie Bewley, who selected a wreath to be sent to the Zachry home.

GUESS WHO?

With a hairy mane, bashful, and shy,
He hastened to the aid of the Eagles' cry.
His name reminds you somehow of "guess who,"
Or even of science in our high school, too.
Answer to last "Guess Who," Ruth Gill.

Louise Ashley, a former student of Canyon High School, was in Canyon over the week end.

Loretta Cole was in Amarillo Saturday.

"All Star Texans" Appear Twice At C. H. S. Today

Odis Echols and his All Star Texans, famous singers, under the auspices of the high school Pep Squad, will appear in the high school auditorium at 3 p. m. and 7:30 p. m. today.

The program this afternoon will be shorter than the one tonight. Admission this afternoon will be 10c to grade school students, and 15c to high school students and outsiders; the admission tonight will be 10c to grade school students and 15c to high school students and 25c to outsiders.

There will be no assembly this week. Odis Echols and his All Star Texans, Marvin Le Master, Don Smith, Lawrence Ivey, and Denver Crumpler will take the place of assembly.

Dorothy Zachry Taken by Death

Dorothy Zachry, member of the 5B class, died last Wednesday at an Amarillo hospital.

The funeral was held at the Baptist Church last Thursday at 4 o'clock, Rev. J. R. Hicks and Mr. D. N. Sheppard of Hereford spoke at the funeral services. The Beacon Quartet from Amarillo sang several selections.

A number of friends of the Zachry family were here from Happy and other places.

The flower girls were members of the fifth grade. They were Dorothy Anderson, Wilma Jean Dickerson, Lorene Call, Anna Lee Newlin, Margaret Lou Tate, Billie Simmons, Sarah Slack, and Geraldine Sharp from Happy. The pallbearers were George Mayfield, Barnett Ball, Glenn Burrus, Hal Gamble, Glen and Henry Campbell.

Dorothy entered school here in the fourth grade last year. She was president of the 5B class and of the English Club.

The respect and admiration of Dorothy and her ability to act as a leader was expressed by her class mates in their talks at the time of her election.

SPORTS EDITOR AND SEC. APPOINTED FOR STAFF

The Press Club met last Monday afternoon to appoint a sports editor and secretary.

Jack Neil Jennings was appointed sports editor, and Marielle Oldham was appointed secretary.

Instructions were given to reporters that if their articles were not in at the appointed time they would be given to someone else. They were also told to write more plainly. Joe Morris and Jack Jennings volunteered to proof read this week's edition.

Did You Know?

That Mary Collins has a standing date with Hal Gamble for the Junior-Senior banquet next spring?

That Mary Ellen Hurst is attending school at W. T. High School this year?

That Jack Jennings is Sports Editor of The Eagles Tale?

That Tommie Butler's nickname is "Pigtail"?

That Mr. Pope is sponsor of the junior class?

That Miss Clark has worn 18 different dresses since school started?

That Jack Taylor and Boots Johnson go to Amarillo often?

That the Press Club decided Monday to work in quiet every Monday?

That the juniors have more boys out for football than any other class?

That 16 of the 25 teachers in the Canyon Public School faculty live in Canyon.

What? Not Even A Girl Each?

What! Do I hear the boys ask where all the girls are? No.C. H. S. Co-Ed should be without a date, as there are 14 more boys than girls in the school.

The junior class takes the cake because it has 27 boys and only 19 girls. The sophomores are more evenly divided, having 21 girls and 22 boys. The freshman class is the smallest in high school, since it has only 17 boys and 15 girls. The seniors run them a close race, as they have 18 boys and 15 girls.

With 84 big, husky males, we really should have an A-one football team. Seventy girls should keep up the "old pep and school spirit."

Celestine McGee, graduate of '32, and now living in Los Angeles, Calif., visited her parents, Mr. and Mrs. R. McGee, last week.

Ethel Brasuel and Lillian Davis, now teaching in Mobeetie, spent Saturday and Sunday at their homes.

Shields Has Five In Speech Class

Under the supervision of Miss Edith Shields, who is teaching the expression class, there are nine pupils an others are expected to enroll. Those attending the expression class are Fred Hart, Sarah Bonnie Bourne, Joe Morris, Sewel Cox, Jack Taylor, Billie Bee Flesher, Hal Gamble, Joe Frank, and Douglas Brasuel.

Each pupil can choose his own project for the year, such as dramatics, public speaking, and other interesting things that Miss Shields is offering to teach. Each pupil that takes expression in this class is required to pay $2.00 a month.

Juniors Entertain Seniors Tues. Night With Radio Social

The Junior Class entertained the Senior Class last Tuesday night with a party in the grade school gymnasium.

Upon arriving the guests were welcomed by Mr. John B. Pope, junior sponsor; Mrs. Alfred Bellah, junior room mother; Melvin Calliham, president of the junior class; Billy Greenfield, chairman of the social committee, and Ralph Rusk, vice-president. The guests were then divided into seven groups, where they played two games.

Immediately following, the guests assembled in one group and the juniors entertained with a program in the form of a radio broadcast. The program consisted of: "Every Little Movement," sung by Mary Collins and Carolyn Mayfield, accompanied by Marielle Oldham at the piano; Kate Donnell played a piano selection; Billy Greenfield entertained with a reading; Jean Slack, Jack Inman, Melvin Calliham, and Ralph Rusk sang two cowboy songs, accompanied at the piano by Kate Donnell.

Rainbow ice cream and cookies were served.

The room was decorated in rainbow colors.

Grade Eng. Studes Publish Newspaper

As an English project, the fifth, sixth, and seventh grades, under the supervision of Lenna Foster, are publishing a weekly two-page newspaper consisting of news and essays written by the students.

The staff is as follows: Grant Sharman, 7A, editor in chief; Betty Guthrie, 6A, J. A. Prichard, 6B, and Dan Cabe, 5A, assistant editors; Hudson Prichard, 7A, W. J. Wooten, 7A, Claribel Newberry, 6A, Norma Lee Black, 6A, Loneta O'Dell, 6B, and Leroy Wooten, 5A.

PEP SQUAD VIEWS "PAGE MISS GLORY"

Because it was their first entertainment of the year, the pep squad girls entertained themselves with a theater party last Saturday night, immediately following the football game.

At 11:30 o'clock the girls met in front of the show and under the sponsorship of Mrs. Lee Foster, attended "Page Miss Glory."

Extracts From The Exchanges

"The Wolverine," Spring Lake High School:

"Thirty-five pep squad girls attended the football game at Olton Friday, Sept. 20."

"The students of English IV are studying Chaucer's "Canterbury Tales." Each student is taking a character and is portraying him riding horse back on his journey to Canterbury as Chaucer described him in the prologue."

We wonder if Spring Lake will build stalls for the horses next.

"The Corral," Wheeler High School:

"The material for the pep squad uniforms is here and the girls hope to have their suits finished for the game with Memphis tomorrow night (Friday)."

"Austin Pioneer," Austin High School, El Paso:

CANYON EAGLES MEET PERRYTON RANGERS SAT.

RANGERS OUT WEIGH THE EAGLES BY THREE POUNDS TO EACH MAN.

Who? Canyon Eagles and Perryton Rangers.

What? Football game.

Where? At Canyon, Buffalo Field.

When? Saturday night, 8:00 o'clock.

Why? To mark the first meeting of these teams on the gridiron.

The Eagles, having lost to the Groom Tigers last Saturday night, are expected to get their revenge by playing "heads up" football against the Ragers.

The Rangers have played three games this season, losing two of them; the Eagles have the same rating. The Rangers outweigh the Eagles by a slight margin of three pounds per man.

Football Squad Given Luncheon By Rotary Club

The Rotary Club entertained the football boys of Canyon High School with a luncheon last Tuesday at the Presbyterian church.

Mr. Wes Kleinschmidt expressed the appreciation of the business men toward the Eagles. The response was given by Wesley Cox, captain of the Eagles, after which Coach Cleveland Jones introduced each of the members of the football squad.

Pep Squad Give Yells

The pep squad girls marched into the dining room saying "Your Pep, Your Pep, you've got it now keep it, your pep." They marched to the stage where they gave several songs and a few yells. Two tap numbers were given by Mable schmitz, Carolyn Mayfield, and Billy Greenfield.

The group was dismissed after the school song was sung.

Several Students Take 5 Courses

There are several pupils in the junior and senior classes taking five subjects the first half of the year. The juniors are: Raymond Bible, Mary Collins, Billy Louise Greenfield, Carolyn Mayfield, R. E. Prichard, Jean Slack, Lois Bolin, and Herbert Mariner.

The seniors are: O. D. Breitling, Leslie Lisle, Erwin Meyer, Joe Morris, Anna Kathryn Overton, Fay Plaster, Lavena Watkins, and Marjorie Wilkinson.

A few of the juniors are taking five subjects, so they will be able to take business courses during their senior year.

GREENFIELD ELECTED GIRL SCOUT PRESIDENT

Billie Louise Greenfield, a junior, was chosen president of the Girl Scouts last Tuesday.

Polly Cluck was elected vice-president; Marielle Oldham, secretary-treasurer, and Mary Charlotte Word, scribe.

The girls also decided to take nose-bag lunches and meet at the home of Mary Charlotte Word; then hike to the home of Pauline Spencer in the west end of town for this afternoon's meeting.

JOHN McNEIL DIES

John McNeil, Sr., father of Mona and Edrie McNeil, of the seventh and eighth grades respectively, was killed in a car accident Tuesday, Oct. 1. The funeral was held at the Church of Christ. Friends of the girls were flower girls.

Anna Mayo Sharp, student in Canyon High School last year and now attending Tulia High School, spent the week end with Jean Slack and her aunt, Mrs. R. McGee.

Wayside Items

Autum is here. Trees are now putting on their scarlet and gold decorations. To us this is an ideal season and we fail to be able to say with the poet, "The melancholy days have come, the saddest of the year."

The noise of the row binder now blends with the screak and creak of the wheat drill. Wayside is blessed with a good row crop this year.

W. R. Franklin and family, Mrs. W. G. Franklin with W. J. Sluder and wife, left on Oct. 2 for a visit of a week or ten days with relatives in Oklahoma.

Wayside people were shocked and saddened on Tuesday of last week to learn of the sudden death of John R. McNeil. He has owned and operated a farm in our community several years and will be missed by Wayside friends and neighbors.

Those attending the funeral from Wayside were E. J. Mahler and family, A. L. Stevens and wife, R. L. Grigsby and wife, C. T. Henry and wife, W. H. Hamblen and wife, A. S. Hamblen, D. L. Adams and wife, H. L. Harrel, John McGehee, Mrs. Ella Chedister, and Mrs. Bessie Lane.

Mrs. Dora Lane of Wayside preached for us at the morning and evening services last Sunday. Left an appointment for the next first Sunday.

Bro. Lindley plans to be with us on the night of the 12th with a mission service, and will fill his regular appointments the following day.

Rev. N. S. Daniel and wife were calling in Wayside community Monday of this week "rounding up" his stewards for the laymen's meeting to be held at Amarillo Wednesday the 9th. A number plan to go.

H. C. Newsom and family left Monday of this week in response to a phone call from Runnels county of the expected death of a brother-in-law.

Wayside P. T. A. plans to give a negro minstrel on Friday night of this week at the school auditorium.

The trustees of our school went to Claude Monday in interest of our prospective new school building.

W. T. BUFFS DEFEATED BY T.W.C. RAMS

Passing Offense Beats Locals In Own Stadium

Facing one of the best passing attacks in many years, the Buffaloes went down before a hustling crew of Rams from Ft. Worth 6 to 0.

Frank Van Noy, Lwood Dow, and "Butch" Clark made some sensational runs in defense of the Buffs, and Jackson, Meek, Cain, Waggoner, Hinger, and Rankin did a great job of tackling and blocking, but Splawn, McCarty, and Stroud of the Rams, running behind good interference, turned on the steam to take home the prize.

Time after time, McCarty of the Rams faded back and threw one bullet pass after another to Isbell and Rhome for many long gains; however, the Buffs held them until the last quarter when McCarty's pass got behind the Buff interference and Isbell pulled it in for a touchdown.

After the touchdown, the Buffs came back strong and with deadly blocking advanced the ball to the Rams' 15 yard strip, but Gracey intercepted Van Noy's pass on his own three yard line to stop the threat.

With less than three minutes to go the Buffaloes found themselves in possession of the ball on the Rams' 15 yard line. Dow and Clark hit the line hard but lacked 2 yards for a first down on the third down. Van Noy faded back and shot a pass to Cain, cutting to the right, but Gracey came in and intercepted on his own 3.

Gracey, Splawn, and Stroud pounded at the line hard, but were being held without gains as the gun sounded ending the game.

The modern I.E.S. lamps are ideal for reading, sewing or any other eye tasks which require artificial illumination. Indirect lighting is achieved through the use of a glass reflector which directs the light to the ceiling. Then this same reflector also diffuses the light which is directed downward.

There should be a good general illumination for the whole room as well as a good glareless light for a specific visual task. The I.E.S. Better Sight Lamps eliminate sharp contrasts by throwing light up to the ceiling, where it is redirected to other parts of the room.

I.E.S. Lamps of attractive appearance and certified design may be purchased at our local office.

1. Wide opening at the top of the shade throws light to ceiling and eliminates shadows.
2. Glass reflector softens light, prevents glare.
3. Wide shade gives ample light over your work.
4. Shade lining is white to reflect more light.

IMPORTANT

Be sure to look for the authorized certification tag. It isn't an I. E. S. Better Sight Lamp if it doesn't have this tag.

Eagles and Pep Squad Entertain at Rotary Lunch

Members of the high school football squad were guests of members of Rotary Club Tuesday at the regular luncheon.

Wes Kleinschmidt was in charge of the program, urging the members to get behind the Eagles during the season and to assist the coaches in every way possigle.

Coaches Cleve Jones and Gerald Brown were introduced, together with 26 members of the squad who were present. Capt. Fat Cox expressed the appreciation of the Eagles for the luncheon and asked the citizens to come to the game Saturday. "You will see a different performance on the part of the team than you saw last Saturday," stated the Captain. Coach Cleve Jones expressed the same sentiment.

Mrs. Lee Foster brought in the members of the girls' pep squad, 36 in number. A number of yells and songs were given, together with a group of tap dances.

Donald Trolinger won the three-months contest and securing the most signatures of different members seated by him at the luncheon. He had a perfect scort.

J. B. Morrisset, manager of the Texas Utilities Company, was introduced as a new member.

Visitors present were: L. G. Allen, Canyon; Jim Bell, Dallas; W. S. Norman, Irving Tolzein, J. Horace Griggs, Cal Farley, Jim Williams, B. I. Barfield and Horace Russell, Amarillo.

Beautiful Dahlias Presented to News By Mrs. Stevens

Mrs. D. D. Stevens of 900 Fourth Street presented the News office with an unusually beautiful bouquet of home grown dahlias Monday morning. The flowers are of a very delicate coloring, varying from a dark burgandy to orchid pink and a very soft yellow tinged with red. They are not only unusual in coloring, but size as well, with many of them measuring nine inches in diameter, which is quite unusal for this variety of dahlia in this country because of the high winds.

Mrs. Stevens is a lover of flowers and grows a great variety of them at her home here. A great treat awaits any one who has not seen Mrs. Stevens' flower garden and she will be glad to have you drive by and see it.

Jean Day Receives Position as Home Demonstration Agt.

NOTICE OF TRUSTEE'S SALE

THE STATE OF TEXAS,
COUNTY OF RANDALL.

WHEREAS, by virtue of authority vested in me, as substitute trustee, in lieu of A. T. Smith, Trustee, named and appointed in a deed of trust dated November 21, 1930, recorded in Vol. 21, pages 255-257 Deed of Trust Records of Randall County, Texas, and given by J. L. Prichard and wife Callie D. Prichard to A. T. Smith, Trustee, to secure the payment of one note for $947.20 payable to the order of A. W. Sternenberg on or before one year with interest thereon from date until paid at the rate of 10% per annum and providing for 10% attorney's fees if placed in the hands of an attorney for collection, which said deed of trust was given upon the following described land located in Randall County, Texas, to-wit:

Being a part of the Southeast quarter of Section Number Three (3) in Block No. M-8, located by virtue of Cert. No. 848, issued to A. B. & M. and described by metes and bounds as follows: Beginning at a point in the East line of the P. & N. T. Ry. Co. right-of-way, being the point of intersection of said East right-of-way line, and the South line of said Section; Thence in a Northwesterly direction with said East right-of-way line 1254 feet to a point in said line; Thence East a distance of 68 feet, to a point in West line of the State Highway right-of-way; Thence Southeasterly with the west line of said State Highway to a point in the South line of said Section; Thence West 105 feet to the place of beginning; containing 2.5 acres of land more or less.

Same being known as the store building property at Ralph switch on paved Highway No. 9 leading from Canyon to Happy, Texas, and being about 9 miles south from Canyon, Texas.

And, whereas, A. W. Sternenberg is now the legal and equitable owner and holder of said note, and the said J. L. Prichard and Callie D. Prichard, and subsequent purchasers of said property have made default in the payment of said note, and the same is now past due and unpaid principal, interest and attorney's fees in the sum of $1077.13, and in addition thereto $31.37 for insurance paid under the terms of said deed of trust;

And Whereas, I have been requested by said A. W. Sternenberg to enforce said trust, I will offer for sale, between the hours of 10 a. m. and 4 p. m. at public auction, to the highest bidder for cash, on the first Tuesday in November, A. D. 1935, same being the 5th day of said month, at the court-house door in the town of Canyon, Randall County, Texas, the above described property, with all the rights, members and appurtenances thereto in anywise belonging, for the purpose of paying off the above mentioned indebtedness, trustee's fees and expenses of sale.

WITNESS my hand this 7th day of October, A. D. 1935.

W. C. BLACK,
Substitute Trustee.
